AREAS OF INTEREST

- Web Development
- Networking
- Secure Software Development
- Machine Learning

TECHNICAL SKILLS

- Programming: Java, C,Python, SQL
- Security Tools: Nmap, Wireshark
- OS : Windows, Linux
- Others: Ethical Hacking (Basics), GitHub, VS Code, Virtual Box

SOFT SKILLS

- Teamwork
- Time Management
- Leadership
- Effective Communication
- Critical Thinking

LANGUAGES

- Tamil
- English

PROFILE

Final-year Computer Science student with a strong interest in software development and web technologies. I enjoy solving programming problems, building web applications, and learning new technologies through hands-on projects. I am looking for an opportunity to apply my technical skills, improve as a developer, and contribute to real-world software projects.

EDUCATION

B.E. Computer Science and Engineering — **2023-2027**

Mepco Schlenk Engineering College | Sivakasi

CGPA : 7.7

Higher Secondary Certificate — **2022-2023**

GHSS - Pullukkatuvalasai, Tenkasi

Percentage : 86

PROJECTS

EVALUATING WEATHER FORECASTING EXPLAINABILITY USING ASSOCIATION RULE-BASED REXQUAL METRIC — **2026 | MSEC**

- Weather forecasting systems based on machine learning and deep learning models have achieved significant improvements in prediction accuracy by analysing large-scale time series data.
- In this work, an evaluation framework for assessing explainability of weather forecasting modelsusing an Association Rule-based (RExQUAL) metric.

Regional Beverage Dispatch and Inventory System — **2025 | MSEC**

- Developed a real-time beverage dispatch and inventory system with predictive analytics, reducing wastage and optimizing stock levels for regional distributors.
- Implemented using Python, Flask, and MySQL.

Online Examination Portal — **2024 | MSEC**

- Built a secure online examination portal with remote proctoring, automated grading, and performance analytics for diverse question types.
- Implemented using HTML, CSS, JS, Node JS, and MySQL.

CERTIFICATIONS

- Cisco Networking Academy – Introduction to Cybersecurity - **2025**
- Building Scalable Full Stack Application Using Cloud-2025
- NPTEL – Practical Cyber Security for Cyber Security Practitioners - **2025**
- IEEE – English for Technical Professionals - **2024**

CO-CURRICULAR ACTIVITIES

- Participant – AI Conclave on "Empowering Future Engineers with AI Technologies", Mepco Schlenk Engineering College - **2025**
- Participated in Science Quiz Competition organized on National Science Day at Mepco Schlenk Engineering College - **2024**
